### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Lee Stepina, Attorney for Applicants, on March 30, 2006.

The application has been amended as follows:

In the Specification:

On page 5, line 17, -- each having a face -- has been inserted after "19".

On page 5, line 31, -- planar -- has been inserted after "a".

On page 6, line 1, -- semi-circular shaped -- has been inserted before "wall".

On page 6, line 6, -- planar -- has been inserted after "a".

On page 6, line 8, -- semi-circular shaped -- has been inserted before "wall".

On page 6, line 21, after ".", the following has been inserted:

-- The front engagement face 27f is offset forward from the face of the recess toward the virtual plane VF. The front engagement face 27f is located in a first plane positioned back from the virtual plane VF. The rear engagement face 29f is located in a second plane, different from

the first plane, back from the virtual plane VF and offset forward from the face of the recess toward the virtual plane VF. --

The above changes to the specification have been made to provide literal antecedent basis for the limitations in amended claim 1. The limitations in claim 1 are inherently shown in the drawings, but did not have literal antecedent basis in the specification.

### *Reasons for Allowance*

The following is an examiner's statement of reasons for allowance: Applicants' arguments (see page 8, paragraphs 3-5 of the Arguments filed February 16, 2006) that neither Herman 6,786,696 nor Jones 6,855,033 disclose a front engagement face offset from a rear engagement face with both of the front and rear engagement faces being offset from one another (and thus located in different planes), are persuasive.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Christopher Verdier whose telephone number is (571) 272-4824. The examiner can normally be reached on Monday-Friday from 10:00-6:30.
